Plus, we're a friendly bunch! We'd love to spend time getting to know your business so we can find the right solutions to keep you one step ahead of the competition.

Don't just take our word for it, here's what one of our customers has to say:

Sussex County Cricket Club

Sussex County Cricket Club (SCCC) is a complex ground made up of multiple office sites, conference and meeting areas, hospitality areas and spectator stands. Focus Group were appointed to facilitate the delivery of high quality IT services, WiFi and network coverage to all areas.

“

Focus Group have been a partner of Sussex Cricket for over eight years, throughout this time we have enjoyed a fantastic service. Our site is somewhat complicated, however Focus Group provide a consultative approach to all our needs which results in us being able to find the correct solution whatever the challenge. Their staff are friendly and knowledgeable, often going the extra mile.

Hello Hybrid.

The latest business buzzword is 'hybrid working' – providing businesses and employees with the opportunity to strike that perfect balance between office-based and home working. Or indeed, anywhere working. But is your IT infrastructure ready for it?

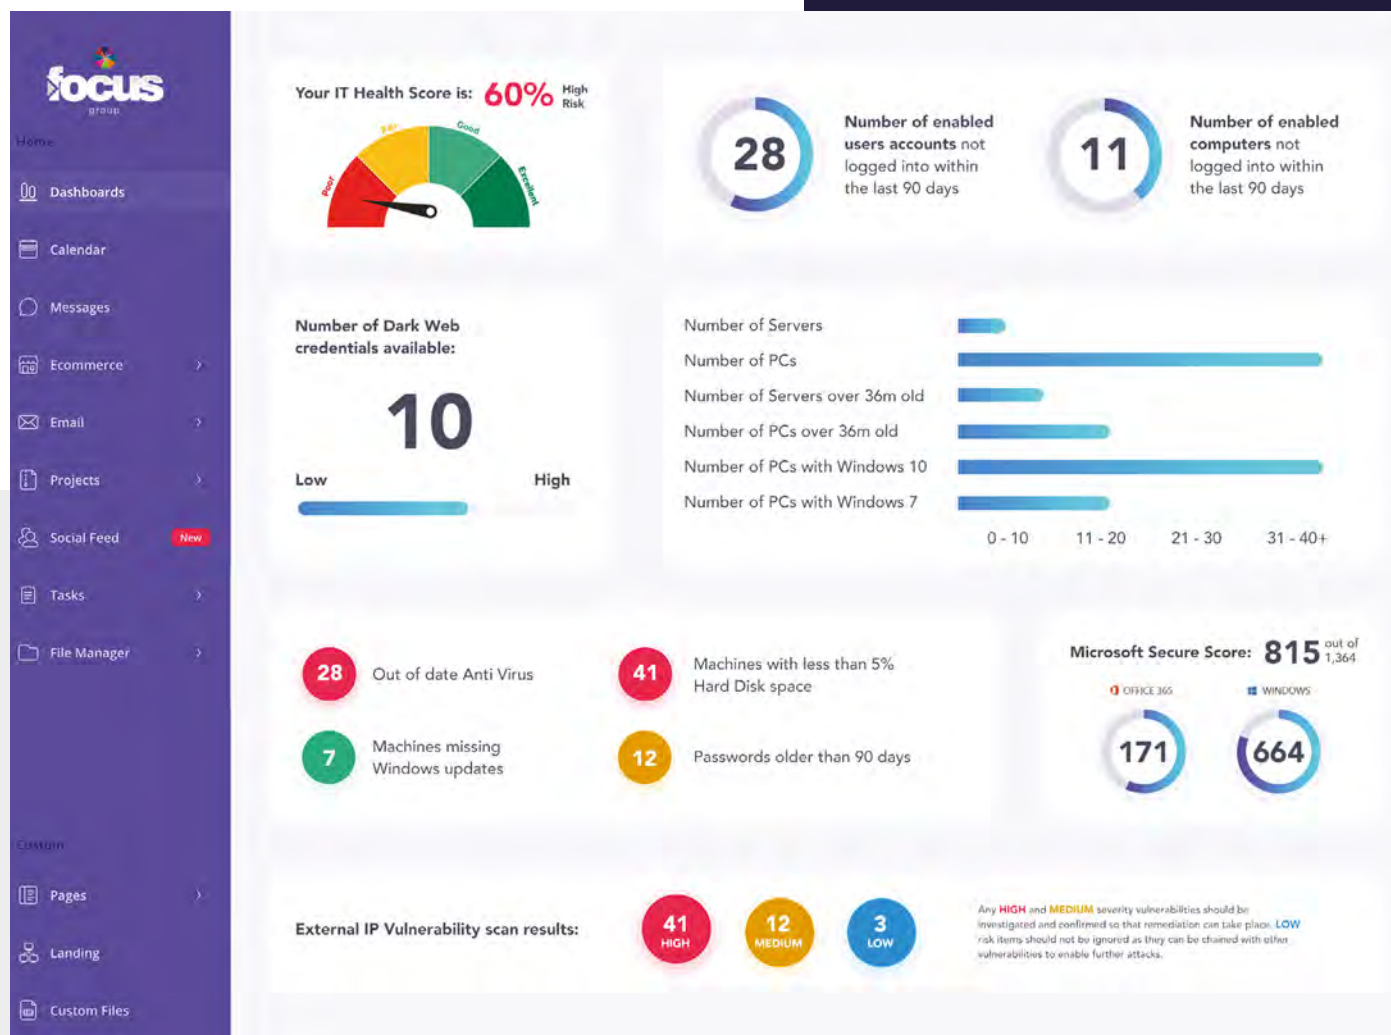

Did you know there's a direct link between device choice and productivity levels? Adding a large monitor to an employee's home working space, for example, can increase productivity by 40%. And security is more important than ever before with the huge growth in remote working. Your network infrastructure and security are key to productivity, efficiency and growth, so now's the time to ensure your business technology framework is fighting fit.
