2. Duration and Scope of this Agreement

2.1 This agreement commences on the date that the Supplier first makes the Service available to the Customer and shall remain in effect (subject to Clause 9) for the Minimum Period and thereafter renewed for further periods equal to the Minimum Period (each such renewal to be a "Renewal Period") unless terminated in accordance with this paragraph 2.1. In the event that the Service is added to, amended or changed in any way then a new Minimum Period or Renewal Period (as the case may be) will commence on the date of the new installation or amendment or change for the entire agreement, unless the Supplier agrees otherwise at its absolute discretion and confirmed in writing not more than 14 days prior to installation. For the avoidance of any doubt, the Minimum Period or Renewal Period (as the case may be) in such circumstances shall be a period of time equal to the Minimum Period or Renewal Period affecting the Services prior to such addition, amendment or change, and shall not be for a shorter period of time (regardless of any timescales set out in any order for such addition, amendment, or change). On termination of this agreement for whatever reason the Service may be disconnected unless the customer makes alternative arrangements with another provider for the service.

2.2 Each party may terminate this Agreement on not less than 90 days notice in writing to expire at the end of the Minimum Period or any subsequent Renewal Period.

2.3 If the Customer terminates this Agreement during the term as defined in Clause 2.1 of this Agreement and has no right to terminate under Clause 9, or Part 2 or 3, the Customer shall pay as liquidated damages, in addition to other sums payable up to the date of termination, the Early Termination Fee which the parties agree represents a genuine pre-estimate of the Supplier's loss.

2.4 At the end of the agreed term the customer will default to the Basic Tariff unless otherwise agreed in the original order form. The Basic Tariff can be found at www.incom.co.uk

2.5 Until termination for whatever reason, the Supplier agrees to provide the Service to the Customer in accordance with this Agreement in consideration of the agreement of the Customer to use the Service in accordance with this Agreement and to pay the Service Charges and Rental Charges when they are due.

2.6 The Customer hereby agrees to the termination of its existing contract for equivalent services with its existing communications service provider and any charges related to such. The Supplier is in no way liable for any charges arising from termination of the Customer's existing contracts.

2.7 The Customer shall warrant and warrant the Supplier, its employees, agents or subcontractors, any third party suppliers or sub-contractors of the Supplier's and anyone acting on any of their behalf, to the Customer's premises.

2.8 The Customer's equipment to be used and connected with the Service shall be connected by means of Connection Points and ancillary wiring. The Customer shall obtain any consent or facility that is necessary or desirable for the Supplier to provide the Service on the Site.

3.2 The Supplier shall exercise the reasonable care and skill of a competent communications engineer. The Service cannot be guaranteed to be fault free but the Supplier shall provide the same quality of service to the Customer as it provides from time to time to its customers generally.

3.3 The Customer shall report any fault to the Supplier's Customer Services Department, where it will be dealt with in accordance with the agreed fault repair service. Where no Supplier's Equipment is installed, the Supplier may request that the Customer first have its designated maintainer check the Customer's equipment. If the Supplier agrees to fix a fault that is caused by the Customer or that otherwise falls outside the responsibility of the Supplier or where no fault is found, the Supplier may charge the Customer for any work that the Supplier has undertaken at its applicable man-hour rate.

4. Customer Facilities

4.1 The Customer shall test Customer Facilities and ensure that they are complete, in good working order and ensure that all specifications are not less than the minimum determined by the Supplier.

4.2 The Supplier will advise the customer in writing if for the purposes of supplying the services contained on the front page of this document, the Customer Facilities are not suitable and what necessary steps are to be taken by the Customer to make the Customer Facilities suitable.

4.3 The Customer shall use their reasonable endeavours to complete any of the works notified by the Supplier at each location within 7 days of notification.

4.4 The supplier may perform repeat inspections (and the procedure outlined in clause 4.2) until the Supplier is satisfied the Customer Facilities are suitable.

5. Changes

5.1 The Supplier may have to change the terms and conditions of this Agreement. Where this is necessary the Supplier will publish details of all changes on www.incom.co.uk before they take effect.

5.2 The Supplier will endeavour to let the Customer know about any changes referred to in clause 5.1 at least one month before they take effect. However, if the Supplier needs to make changes, for possible, for regulatory or legal reasons, it may be unable to meet that timescale. In those circumstances, the Supplier will let you know about any changes as soon as it can.

6.1.4 Contrary to instructions that the Supplier may give to the Customer.

6.2 The Customer will provide the Supplier with all information that the Supplier needs and allow the Supplier to use that information for credit checking and debt collection (including disclosure to and use by third parties acting for the Supplier) and any other uses and disclosures allowed by the articles of the General Data Protection Regulations (GDPR) and will allow the Supplier to disclose such information to the extent that the Supplier is required to do so by Ofcom, the law or any relevant authority.

6.3 The Customer shall keep all of the Supplier's Equipment at the Site safe and shall pay for the replacement and/or repair of any of the Supplier's Equipment, which is lost, damaged (otherwise than by fair wear and tear) or destroyed. The Customer shall not alter or move any of the Supplier's Equipment, nor do anything that is likely to damage or adversely affect its performance, nor remove or deface any words or signs on it, nor permit anyone else to do so. The Customer shall not sell, let, mortgage, charge, pledge, dispose of or do anything that would prejudice the Supplier's Equipment or the System in any way. The Customer will allow the Supplier to inspect, test, modify, change, add to, replace or remove any Supplier's Equipment, either remotely or via a designated maintainer. At the end of the term of the Agreement, the Customer will allow the Supplier access at all times to collect any of the Supplier's Equipment in the Customer's possession.

6.4 The Customer shall at its own cost arrange for the required Site-specific conditions, as notified by the Supplier. This will include, without limitation, mains electricity supply, connection points and computer terminals. The Customer shall prepare the Sites in accordance with the Supplier's reasonable instructions. The Customer shall ensure that the Supplier's expenses after the Supplier has completed any work necessary for the Supplier to be able to provide the Service.

6.5 The Customer shall ensure that any equipment (excluding Supplier's Equipment) that it uses in connection with the Service meets any legal or regulatory requirements and is approved for connection to the System. If not, the Customer must immediately disconnect it or allow the Supplier to do so at the Customer's expense.

6.6 The use of computing equipment and/or computer software owned and/or controlled by the Supplier (including computer networks and systems accessed via the network) is permitted for bona fide purposes and is subject to authorisation. Unauthorised or improper use of these facilities is a breach of this Agreement and may give rise to withdrawal of the facilities and/or proceedings under the Computer Misuse Act 1990.

6.7 The Customer shall indemnify and keep indemnified the Supplier against all or any claims and associated costs, damages or expenses made by any third party as a consequence of any breach by or other act or omission of the Customer under or in relation to this Agreement.

7. Payments

7.1 The Supplier shall be entitled to send an invoice to the Customer for the Service Charges monthly in advance, for the Usage Charges after the end of the month in which the relevant Usage Charges were incurred. The Customer shall pay all Service Charges and Usage Charges whether the Customer or someone else uses the Service. The Usage Charges will be calculated using the details recorded or logged on the Supplier's systems and not details recorded by the Customer.

7.2 The Customer shall pay any cancellation charges, abortive visit charges, engineering visit or site survey charges, or maintenance service charges imposed on the Supplier by its suppliers and providers and relating to the Service, save where such abortive visit or service maintenance charges arise through the Supplier's default.

7.3 The Service Charge shall continue to be payable during any period of suspension or restriction requested by the Customer in addition to any charges for such suspension or restriction.

7.4 The Service Charge and Usage Charges are exclusive of Value Added Tax, which shall be payable by the Customer in addition to the Service Charges and Usage Charges at the rate applicable from time to time.

7.5 The Customer shall (without set-off or deduction) pay in pounds sterling by Direct Debit all invoices issued by the Supplier within fourteen (14) days of the date upon them, subject always to clause 7.6. In the event a Direct Debit payment is not acceptable to the Customer payment by cheque or cash means as agreed within 7 (seven) days of the date upon them can be agreed. The Supplier must agree any variation to these payment terms in writing prior to implementation, if the Customer's credit rating decreases at any time, the Supplier shall be entitled to revise the credit terms to require payment upon invoice or in less than 3 days. If the Customer fails to make payment by this date in full, in addition to the Supplier's right to suspend set out in Clause 8.1, the Supplier may charge interest at the rate of 10% per annum above the base rate of the Bank of England on any amounts outstanding from the due date for payment until payment is made in full. Interest will be charged on a daily basis.

7.6 If the Customer wishes to dispute an invoice, they must contact the Supplier's customer services in writing to finance@incom.co.uk within 14 days from the date of the invoice. After such services, any undisputed invoice(s) will be deemed correct and incapable of being disputed and the Customer must pay the full amount of any such invoice(s) immediately.

7.7 Notwithstanding clause 7.6, if:

- 7.7.1 the amount disputed is less than 5% of the total amount of the invoice then the full amount of the invoice must be paid in accordance with clause 7.5 though such payment shall not prejudice the Customer's right to dispute any such amount in accordance with clause 7.6; or
- 7.7.2 the disputed amount in any invoice is greater than 5% of the total invoice then any such undisputed amounts must be paid in accordance with clause 7.5.

7.8 Subject to clause 7.7, the Supplier shall increase the level of its Service Charges and the Usage Charges by up to 2.5% every 12 months after giving the Customer four (4) weeks written notice of its intention to do so. This notice may be included in an invoice to the Customer.

7.9 The Supplier may also change the level of its Service Charges and/or its Usage Charges during or after the Minimum Period, retrospectively as well as prospectively, as a consequence of (a) any Ofcom direction, determination, order or similar decision, or (b) any notice issued by a supplier or provider of the Suppliers correcting an error in the amount or application of a charge or payment under its relevant agreement with the Supplier. In both cases, the Supplier shall only be entitled to change the level of its Service Charges and/or Usage Charges where the foregoing impacts upon the basis upon which the Service Charges and/or Usage Charges were calculated. Further, the Supplier may increase the level of its Service Charges and/or its Usage Charges during or after the Minimum Period as a consequence of any price increases passed on to the Supplier by third party providers of the Supplier. The Supplier shall only be entitled to increase the Service Charges and/or Usage Charges as a result of the increase passed on by the third party provider of the Supplier. In such circumstances the Customer shall not have the right to cancel the Contract.

7.10 Where the Supplier agrees to work outside a Working Day at the request of the Customer, the Supplier may charge the Customer in accordance with the Supplier's applicable man-hour rate.

7.11 Invoices paid by means other than direct debit shall be subject to an additional £8 (eight) monthly charge to reflect the Supplier's administration costs in processing such payment.

8. Suspension and Variation of the Service

8.1 The Supplier may, in its sole discretion and upon giving the Customer notice, suspend or vary the Service without compensation (unless due to the default of the Supplier) for any period during which:

Following termination of the Service, telephone service may be disconnected unless the Customer makes alternative arrangements with the Supplier or another communications service provider.

10. Limitations and Exclusions of Liability

10.1 This Clause 10 sets out the Supplier's entire liability (including any liability for acts or omissions of the Supplier's employees, agents or subcontractors) to the Customer in tort, contract or otherwise arising in connection with the performance, non-performance or contemplated performance of this Agreement. Except as set out in this Agreement, the Supplier provides no warranties, conditions or guarantees as to the description or quality of the Service, and all warranties, conditions or guarantees implied by or expressly incorporated as a result of custom and practice, statute, common law or otherwise are hereby expressly excluded so far as permitted by law. If any provision or part-provision of this Agreement is or becomes invalid, illegal or unenforceable, it shall be deemed modified to the minimum extent necessary to make it enforceable. The Customer acknowledges that the Supplier cannot process the provision of the Service until such information and access is provided.

2.4 The provision of the Service requires that the Network Services Provider undertake programming at exchange level. Accordingly, it is agreed that any act, default or delay by the Network Services Provider or other communications provider in carrying out such programming or otherwise relating to or affecting the Service shall not be the responsibility of the Supplier.

2.5 The Call Routing & Line Rental Service is available only if the Customer has a valid contract for the use of an analogue Exchange Line (in the case of the wholesale access Service) or digital Exchange Line capable of supporting an existing ISDN30 or ISDN2 service (in the case of wholesale ISDN30 and ISDN2 Service) direct Exchange Line (for each Exchange Line being ordered) which terminates on a Connection Point. If such contract does not exist, the Customer must request the Supplier to have installed an Exchange Line, Connection Point and/or ISDN30 or ISDN2 bearer, as appropriate.

2.6 The Customer acknowledges that certain services are incompatible with the Call Routing & Line Rental Service available from the Network Services Provider, and such incompatible services are excluded from the Services. The Customer also acknowledges that some technical limitations within the System may not become apparent until after the Service has been working for some time: in such circumstances, the Service may need to be withdrawn in which case the Customer shall be entitled to a pro rata rebate of any relevant Charges paid in advance by the Customer.

2.7 The Call Charges have been based upon Call Routing & Line Rental only being provided as part of the Service where the Customer is also taking CPS from the Supplier in respect of the relevant Exchange Line. If the Call Routing & Line Rental Service on any relevant Exchange Lines ceases to be provided, the Supplier shall be entitled to amend its Call Charges to its then standard charges for CPS as a stand-alone service. If CPS on any relevant Exchange Line ceases to be provided; the Agreement shall terminate forthwith, without prejudice to clause 2.2.

2.8 Any reference to Call Charges include calls to Vodafone, O2, EE (T-Mobile and Orange) and Virgin only. It does not include calls to 3 (unless otherwise stated in your tariff), Inmarsat, Lycamobile or any other mobile virtual network operator not based on the UK GSM cellular networks. If your tariff includes minutes to UK mobiles the same applies.

3. Services

3.1 The Supplier may alter the name or number of a telephone exchange serving the Exchange Line, the telephone number, or any other name, code or number whatsoever that the Supplier allocates to the Customer in instances where such alterations are required as a result of necessary operational or technical changes to the Supplier's communications network or changes in legal or regulatory requirements.

3.2 The Supplier will allocate a telephone number to the Customer in respect of the Exchange Line and, unless the Customer requests otherwise, will arrange for a free standard entry to be made in a Telephone Directory. If the Supplier agrees to arrange a special entry (for which a charge would be made), this will be subject to additional terms and conditions.

3.3 Where the Supplier allocates telephone numbers to the Customer, the Customer will not (subject to any statutory or authorisation provisions relating to number portability) acquire any rights whatsoever in such telephone numbers. The Customer will not apply for registration of the telephone numbers as part of a trademark, company name, or URL.

3.4 If the Supplier has an agreement with the Customer's existing communications service provider, the Supplier can, at the Customer's request, provide the Customer with a telephone line using the Customer's existing number subject to the following:

3.4.1 There are no technical reasons preventing the use of the number;

3.4.2 The existing communications service provider agrees to release the relevant telephone number(s);

3.4.3 The Customer agrees to cease service on the existing communications service provider's telephone line using the telephone number and authorises the Supplier to arrange for that cease to take place;

3.4.4 The Customer provides the Supplier with full details including (but not limited to) the account name, account number, service address and billing address;

3.4.6 Number portability is only available at the Site.

3.5 The Supplier does not accept any liability or claims relating to the Customer's ability to use or to continue use of a particular telephone number.

4. Customer Obligations

4.1 The Customer shall comply with any requirements notified by the Supplier relating to number portability.

4.2 Where the Customer's existing account with its current supplier of services includes equipment that is not required for the provision of the Service, the Customer shall contact their current supplier in order to remove the equipment or move such equipment to another account with such supplier.

5.1 The Supplier shall be entitled to send an invoice to the Customer for the Connection Charge when the Telephone Service is available to the Customer.

6. Suspension and variation of service

7. Fraud

7.1 In accordance with the rest of this clause 7, the Customer will be liable for any fraudulent calls made from the Customer's site. Controlling unauthorised access (including fraudulent access) to PBX, trunking or other equipment or resource shall be the sole responsibility of the Customer.

7.2 For the avoidance of doubt, fraudulent calls include but are not limited to;

(i) Calls made from the customer's PBX without their knowledge;

(ii) Calls made utilising the customer's authentication details;

(iii) Calls made from an authenticated IP address;

7.3 The Customer acknowledges that the Service known as "FraudGuard" is not a fraud prevention system and does not prevent unauthorised access to the Equipment. It is the sole responsibility of the Customer to setup and maintain their own security independently of the Supplier and therefore the Supplier accepts no liability whatsoever for any costs incurred as a result of a breach of security.

7.4 The Service known as FraudGuard, which is chargeable, will operate to bar calls by a CLI (telephone number) where calls from that CLI to destinations other than UK geographic or UK mobile numbers totalling over £500 have been made within a 24 hour period. The parameters are as follows:

7.4.1 CPS Calls – CPS (Carrier Pre Select) calls are calls that are routed over an alternative carrier to BT.

Automated Call Barring

7.4.2 Operates on a per CLI basis (i.e. the service will be applied to all CLIs where the service is active and paid for)

7.4.3 will only operate on CPS calls

7.4.4 When spend by a single CLI on CPS calls to all destinations other than UK geographic or UK mobile reaches £500 within a 24 hour period further calls from that CLI will be barred. This bar will apply to all destinations including UK geographic and UK mobile.

7.4.5 The activation of the bar will generate an email from our supplier notifying us that the bar is in place. We will then, in turn, endeavour to notify you that the bar is in place.

7.4.6 The call bar can be lifted upon request by the Customer, subject to us being able to authenticate that the request is genuine.

7.4.7 As a result of the Automated CLI Call Barring, charges for CPS calls to the relevant destinations will be limited to £500 for as long as the bar remains in place. The £500 threshold is based on the wholesale cost of the calls.

7.5 The Supplier reserves the right to invoice the Customer for any fraudulent calls made in accordance with this clause 7 and clause 11.1 of Part 1 but where possible the fraudulent calls may be charged at cost.

8. Confidentiality and Data Protection

8.1 The Customer hereby consents to the Supplier contacting the Customer's current service provider on the Customer's behalf in order to provide the Services and such supplier disclosing to the Supplier any information relating to the transfer or removal of such supplier's retail products and services that exist on the Exchange Line as at the time of transfer of the service from them to the Supplier.
